The Premises:

Perfectly fine house in quiet residential area.

The Lady:

A very attractive lady, the sort you see in the street and your eyes just linger on her. Very nice figure with healthy curves.

The Story:

She opened the door in her underwear and I could have happily followed that bum up all the stairs to the top of the Shard.

Very pleasant, intelligent and at-ease lady who was easy to talk to and we both soon realised neither was going to be awkward in any way.

Started with a chat and increasingly wandering hands as the last items of clothing came off.

Fondling without fuss before using my mouth on her attractive boobs and lovely pussy.

Then a good session of sex with both of us still comfortable enough to make casual conversation at the same time. I love that.

We finished in a happy mood already talking about the inevitability of another meet soon.
