The Premises:

Arianna is a British Indian girl who lives in neat flat in the Canary Wharf area. It's just a few minutes from South Quay station and although it was a little way out of central London for me it was a quiet safe area, and the trip was about 20mins on the DLR.

The shower was fine, and the flat was clean and tidy.

The Lady:

Arianna looks early 20s and has a petite frame with a beautiful face. I had asked for a schoolgirl role play and she was perfect for the part, quite demur and convincing. Her photos are a good representation of her true likeness.

The Story:

I had asked for a 1 hr switch role play. Arianna started as a very convincing naughty schoolgirl who needed a good spanking which I delivered with my hand and a leather paddle in a variety of positions and states of undress. I then moved to rimming which prompted the switch as she laid into my bottom with the same implements. I had asked not to be marked and so she was quite gentle but I'm sure could be harder if that was requested. There followed some anal play on me before I was forced to worship her asshole and pussy (which was delightful). She offered me a reward of HR, oral or full sex - I went for covered oral, which in a 69 gave me the chance to climax with my tongue devouring her asshole once more - perfect!

Arianna played her parts role, both as a schoolgirl in trouble and as a girl in charge. She had a lovely calm way her about her which I liked, and I'd love to return and replay the scenario again.
