The Premises:

Nice apartment, all very clean and well maintained, easy to find and plenty of parking.

The Lady:

Tina is even better in the flesh than she is in her pictures - and let's face it, she looks amazing in her photos! She's very petite and very dark with an incredibly tight body and the most amazing butt I've had the pleasure of seeing. She must work very hard to keep herself in that's sort of shape, and my word it pays off. So good that I felt I had to register for this website just to tell people just how good she is. Not much of a talker, but then neither am I - and I wasn't there for small talk.

The Story:

I should start by saying this was the best escort experience I've had, by some distance. I've only had a handful so far, but I'll be going back to Tina very often and very soon.

The hour started with some real GFE stuff, tender kissing and caresses, slowly undressing each other. After a few minutes of that she dropped to her knees to give amazing head in front of the mirror, looking up at me in the mirror the whole time. There was a lot of oral throughout the hour, each round better than the last - Tina knows how to use her mouth and hands.

We progressed to reverse oral, a favourite of mine. I like to think I know my way around down there, and Tina really seemed to enjoy it. I know she's getting paid to make me think she's enjoying it, but either she's really into it or she's a brilliant actress. Either way it did the job for me. We sketched between oral, reverse oral and 69 several times, with a little rimming in there for good measure.

I paid a little extra for A levels, and it was worth it. I could talk all night about how good her ass is to look at, but it's genuinely exceptional for sex. So tight, and so willingly given up by its owner. Again Tina seemed to really enjoy me doing her this way, which was amazing. Suffice to say if you are an ass man, which I really am, then this experience must be on your bucket list.

Tina and I went through lots of different positions, all very good. My personal favourite was the reverse cowboy with a first class view of that amazing butt.

In case it wasn't clear from the above, I cannot recommend Tina highly enough. Just brilliant. This one will live long in the memory. Well...until the next time anyway
