The Story:

So I was in here quickly Rebecca only one available a pity as upon leaving abruptly the other girl was stunning.

So I showered she arrived and immediately says I know you I'm like no you don't I've never met you. She then lays down asks if I want a massage yes okay why not. Then she asks for one herself and it would be rude not to. But the whole way through it was talking about her being tired doing double shifts fuck this and fuck that. The final straw was when I'm assuming another punter came into the building and she went oh for fuck sake fuck off and stuck her fingers up so tacky and was so off putting I pulled myself off and said sorry love that's it I'm out of here she was like what why no come back please. Are you being serious HELL YES I'm being serious I'm getting dressed ain't I. I then left the room when downstairs and said to the receptionist I would like my money back I've been in 5 minutes and I've never been so off put in my life. Like I said pity it wasn't the other girl who had a booking she was waiting for as I doubt she was like that. For this experience I will never be returning here and urge others never to either
