The Premises:

Apartment/Flat on the top floor, located close to 'The Cricketers' pub. Parking was available on a side street, but generally seemed to be quite a busy road. Area seemed discreet, I did not get to see the shower facilities, so can't comment on the quality of them, but the room was dimly lit with a lamp, and the bed did not have your normal pillows, which was a bit weird. There seemed to be others in the place (maybe shared with another girl), but could hear talking in the background, and she did check all was clear before letting me out.

The Lady:

Alicia is what you see on the photo's, she is about 5'7" with her heels on, and 5'5" without.. and she did take them off. She is a size 10 I would say, with a lovely curvy figure, I would say 34D/DD if I was to have a guess, and a really nice round ass. She has a few tattoos, a big one on her bum cheek/lower side and a couple on her shoulder/back. She is stated as 19 on her profile, I would probably say early 20's, but she is definitely the girl on the pictures. For anyone interested she is Romanian, and will not see any Romanian/Albanians according to her page, and she did ask my nationality.

A very good looking lady with a very sexy figure.. The pics are accurate, which was a tick in the box for me in hindsight.

The Story:

I messaged Alicia, as her pics looked pretty appealing, and she was very quick to respond which was positive. We agreed a time of 17:30 earlier in the day, and as I headed down to her I messaged to say I should be there at 17:30 about 20 mins before the time. I received a message saying can I do 17:45 as she was in the shower. which was ok. As I was looking for parking I got messaged again that she was now ready at 17:30. (I have had this previously with another girl, who had clearly taken another booking and needed to find some delay tactics (to the extent of a Bait and Switch when I said to cancel, although the replacement was just as good).

Once I finally arrived and was buzzed in through the main security door, and the door of the apartment was opened as I got up the 3rd flight of stairs. Once in and pleasantries and monies were exchanged, Alicia left the room and returned pretty swiftly. She was wearing a black bra and knickers set, which showed off her curves, and just stripped off and sat down whilst waiting for me to get undressed. I do prefer to get involved in undressing each other, but was a first visit, so maybe

as you get to know each other more, you see what ticks.

Once on the bed, she asked "what would you like"? and I suggested to play.. she lay down whilst I kissed her breasts and worked my way down her body for oral on her. She has a very nice and sweet tasting pussy, and seemed to enjoy the attention she was getting. I think she got close to the brink on a couple of occasions.. but definitely no faking. after that a quick drink of water and she repaid the favour (covered), with really good technique and varying of pace. She then asked about sex, and I was happy to say yes, and she went on top.. with real drive she was riding me and I got her to change as I could tell she had put a shift in, and moved to missionary, then spooning. After that she wanked me off, but time was coming to an end, and I was not going to pop, so I said sorry.. she was really apologetic for not getting me to cum, but it definitely was me.

In all, I definitely will see her again, she is really hot, and I definitely wanna make up for not filling the condom, and I will make her cum next time too. Only things are, no kissing is listed and not sure if that is an option, surprised at the lack of feedback, although she did not accept my booking either to leave feedback. But if anyone is interested in a good looking girl with a lovely curvy figure, I would definitely recommend Alicia.
