### The Story:

"You get what you pay for" they say. Although largely true I have met some great girls in the budget market. Now that my regular haunt Whitehouse ladies has disappeared I've been looking for some new adventures. This though was a terrible punt, so much so I have been inspired to write my first review in the hope others don't follow. Melani.30 promises much on her AW profile page, describing a relaxed, no rush gfe with kissing, cuddling and massage...I got the complete opposite.

I was shown up to the room, an incredibly small box room with a dirty knackered old sofa bed that wasn't even folded down. Paperwork completed (£40 for 30 mins) she disappeared for some time. On her return it was straight to my cock, grabbing it like a doomed chicken and telling me to get hard quick. I tried a kiss, turned away, I tried a touch, "no touch". Before I was even semi she whipped on a condom and then positioned herself for doggy style on the sofa bed. I tried to position behind, my knees forced against the metal frame of the bed as the old foam no longer offered any resistance. It was all I could do to get hard enough to enter, but her bum was nice enough and penetration was somehow achieved! A few strokes and then I get told, "Cum baby". I said, "already?"..."Yes baby cum!". I wanted out, this was not the GFE I had wanted. A quick burst of thrusting and I was done. Off she went again for a few minutes. On her return I was pointed down the stairs and asked to shut the door on my way out. Total time spent....10 mins.

Please avoid, I've seen a lot of girls over the last 10 years, this was by far the worst.
