The Premises:

Clean apartment, everything was decorated nicely, the only problems arose from the heat that wasn't being dealt with, especially considering what would be going on in the premises.

The Lady:

Very classy, very beautiful, pretty much perfect appearance, really loved her arse. Came in wearing a black catsuit? not sure the term, it was lingerie, and very sexy, albeit a bit impractical considering the heat, but that wouldn't be a problem for too much longer.

The Story:

She arrived and greeted me kindly enough before starting with kissing, this is where I got my first red flag, she was very hesitant and not really into it, I've been to Annabellas before and my previous experiences with other girls wasn't like this at all. I do have facial hair so I put it down to that and didn't mind too much, everyone has their preferences. We quickly moved onto oral which was great, however I slowly started to notice her "dirty" talk consisted of a few sexy lines, followed by moaning about how hot it was (it WAS a boiling day), the moaning didn't do me any favours, extremely unappealing.

Intercourse was ... interesting, it started off well, but I quickly noticed her hesitance with penetration, I am by no means a king kong dong, average at best, she mentioned at some point that a previous customer had injured her during the act due to reckless bucking, although sympathetic to her reason, this meant that intercourse was very strained as she was on top, moving very very slowly and jerky.

I tried to change to doggy to have a bit more control, this didn't end well either, as she locked her legs around mine so that I couldn't move freely. More moaning about how warm it was, at this point I genuinely just wanted to leave, the best part about this experience was the massage she offered me at the start, and her small talk (if you can ignore the complaints about the heat every 5 minutes).

I did not feel as though she was really up to working then and would have appreciated it if she had simply turned me down instead of wasting my time/money.
