The Premises:

Although on a main road the main entrance is at the rear of the premises off an alleyway, though I was unaware of this on my arrival and so had mistakenly used the front entrance on the main road, which is rather exposed however as it was late on a Sunday afternoon there were few people about and the entrance has no visible advertisements as to what goes on inside.

Inside is clean and tidy and well decorated. However the shower I used in the room was not brilliant.

The Lady:

Blonde with enhanced boobs (done recently she told me). Pictures on website are good.

The Story:

Pretty standard punt, doing all the usual stuff, oral without, me going down on her and some sex, doggy style fucking.

However although I left happy, the experience did feel a little mechanical at times, also she was sensitive about me playing with her boobs as she explained that she had only recently had them done and was worried that something might happen if I squeezed them too much.
