The Lady:

Her pictures on the website were, like most of the others, showing her in lots of makeup and with wacky hairstyles. Pleasantly surprised when she walked in to see that she was really a "girl-next-door" and hence far more my type. Slightly taller than me (I am 5'9") in her heels, but it didn't seem to matter. Her figure is sheer perfection though. It's hard to imagine her breasts are natural, but I'm prepared to believe they might just be. Ruby has a stud in her tongue, but incredibly this didn't seem to matter either!

The Story:

I have never before been to one of these establishments and witnessed a woman reach orgasm, and no, it definitely was not faked! For me this was a memorable experience, and it was reassuring to say the least, that at my age (59) I was still able to satisfy her. A lot was down to Ruby's skill though, and she knows just what to do and when. More detail I hear? No, I'm sorry, that's between Ruby and me, but I guarantee you won't be disappointed.
