The Premises:

Private small apartment in a relatively safe nice area (the eastern edge of the Leeds suburb of Oakwood).

She told me that her pal rents the flat to her for work ...
... but she also said that she regularly crosses the Pennines ...
... on the M62 Motorway to travel to Leeds.

The Lady:

Lexi is a tall shapely Mancunian with long curly platinum blonde hair.
She is in her mid-20's.
She has quite pretty eyes & silky smooth pale-white flesh (which tastes and smells delicious to run your tongue + lips over).

This young woman is extremely enticing ...
... and she genuinely enjoys sex too!!!

In fact I am getting quite randy again ... as I write this ...
... just thinking about her.

The Story:

Lexi is aged about 26 & is a very alluring Northern English honey.

She has a curvaceous feminine size-12 figure (well proportioned ... think Marilyn Monroe figure of 38-25-38) ...
... so she will probably not appeal to you if you prefer size 6 to 8 skinny lasses.

The first thing I was struck by was her sexy telephone voice when I called & made first contact with her. Meeting her in person is (obviously) much better and needless to say I was not disappointed.

We kissed and cuddled when I arrived at the flat.
She is wonderfully tall which always turns me on (Lexi is five feet ten inches in height).

After a quick rinse in the shower I was soon invited to join her on the bed for some more kissing and cuddles. Running my hands up and down her thighs whilst caressing her gorgeous backside was highly enjoyable.

We chatted about what we both enjoyed and we agreed (since we had one full hour) to a teasing touchy-feely GFE-type session.

I have always enjoyed exploring & trying to find a woman's erogenous zones (especially cute blondes). Lexi's are on her neck and (like most women) her inner thighs.

As I kissed my way up the insides of her legs she started panting and cooing (always a good sign). I asked her then if she liked reverse oral to which she replied ... "ohh yes please" ...!!!

Her panting and sighing rose to a crescendo as I darted my tongue around her fanny-lips and clitoris.

Lexi was clearly enjoying my attention as I painted her labia with my saliva (either that or she is a good actress).

Her vaginal juices started really flowing as her womanly panting got faster and more intense. She tasted delicious too. She gripped my head with her thighs making me also quite excited. On with the condom then we got started with the sex.

She yelped with pleasure as I penetrated her. Her vulva was now very wet as I thrust deep inside her.

We shagged in mish then doggy. We were both getting more aroused as we went back to a prolonged bout of sex in mish again.

I can honestly say that Lexi has one of the juiciest vaginas I have entered for years. Sex is always so much better when the woman is aroused & naturally well lubricated.

Lexi wrapped her thighs around me with a vice-like grip around my waist ... making it feel just absolutely brilliant.

Afterwards we lay entwined then chatted as we caressed.

This lady is definitely someone I will meet again ... I am so glad that I found her ... SUPERB ...!!!
