The Premises:

Ego Massage is a well-known parlour next to a free-of-charge car park in Bletchley. It's very clean and tidy, inconspicuous and not at all seedy. All the facilities that I've seen there have been good - showers in the massage rooms, clean towels, etc.

The Lady:

Poppy is a pretty, petite, blonde-haired Polish woman who speaks excellent English. She's relaxed, friendly and chatty but doesn't babble on incessantly. The pictures on Ego's website are accurate. All in all, a very attractive person!

The Story:

After a quick rinse in the shower to wash off the sweat of a hurried run around a jam-packed Ikea, I dried off while Poppy slipped out of her underwear. I lay on the couch and Poppy began working firmly around my shoulders and neck, settling me into a pleasant state of relaxation. As she stood at the head of the couch working further down my body, I could feel her breasts sliding gently up and down across my back. Poppy has a really good touch, firm and confident but sensitive enough to not press too hard at any point.

She moved down first on one side, then on the other, working up and down my back as I lay there luxuriating. After a while, she started light touches on my feet and lower legs, working up towards my thighs and eventually, sliding a well-oiled hand in between and stroking my most sensitive areas, leading me to shift gently in expectation. Poppy then climbed up on the couch and commenced body-to-body massage, sliding the whole length of her body from my neck to my knees, her full, generous breasts cushioning my head and neck before she moved down with her hands again slipping between my thighs.

I was enjoying her attentions very much by this point and when she asked me to turn over, I was ready. I slipped my arm around her she stood beside the couch, oiling and caressing me intimately, moving up so her breasts covered my face as her hand stroked me to a powerful orgasm. Poppy cleaned me up and then stepped into the shower while I lay and smiled at the pleasure she'd given me. A short time later, it was my turn in the shower and then I dressed and Poppy walked me to the

door.

I've been to Ego perhaps three times now: it's a well-managed establishment with some very lovely masseuses. This visit was certainly worthwhile! Poppy has a wonderful touch and is a lovely person to spend an intimate hour with.
