The Story:

This was probably the worst punting experience I've ever had. Over the years, Annabellas does seem to have dropped in quality and I've had more than a few below average punts here - usually involving much shorter time punts than paid for but this one takes the piss.

Was shown to a room and waited 5 mins for the girl to turn up, who promptly relieved me of my cash. Amy then started with some kissing followed by some OWO. During this time we were disturbed several times by the maid, until it was discovered Amy had gone to the wrong room. Everything went pear shaped after this as Amy clearly had no intention of returning any money after discussion with the management or whoever they were, Lucy was shown to the correct room and I was asked if I wanted to continue with Amy. By this time, the episode was a complete buzz kill and I just wanted to leave.

Now mixups may from time to time happen, but the way this was handled by the establishment was terrible - no apologies were made and no money was refunded. Amy's photos clearly aren't current, as for Lucy, I shall never know what she was like and probably never will as I don't intend to frequent this establishment any more.

Perhaps there is room in MK for other establishments!
