The Lady:

Annabelle is a buxom, full-bodied and cheerful girl with an attractive face and shoulder length dyed-blond hair. Maria is Spanish, from Seville – so as might be expected, dark haired with a slim body and a pretty face, and a definite glint of mischief in her eye. The girls are of similar height, around 5-6 with Maria maybe a little taller, and with their contrasting physiques and colouring they were both pleasantly matched and pleasingly different.

The Story:

We sat and chatted for a while drinking wine, catching up with Annabelle's news and finding out all about Maria. After a while, the girls went to the bathroom to have a quick shower and emerged dressed in schoolgirl outfits, Annabelle bursting out of hers while Maria looked like a uni student (which in fact she is) dressed to pull a first year at Freshers' Night. The role play was one I had used before, these naughty schoolgirls have to answer questions on various subjects, and a wrong answer requires a forfeit – an item of clothing removed, a kiss for the teacher, a kiss for the other schoolgirl, etc. Eventually everyone is naked and suitably aroused. Since Annabelle and Maria are both bi, there was plenty of girl-girl activity. Highlights included standing over both girls as they took turns to suck me while swapping wet kisses with each other, and the final climax as I came over Annabelle's breasts while Maria was fondling and kissing them, licking up my cum as it landed. The girls worked very well together, seemed to have a good time and I most certainly did!
