The Story:

If you're looking for a stunning, submissive, multi-orgasmic woman who really enjoys her work, then look no further than Louise Knight.

I'm sure you've all had less than satisfying encounters with so-called professionals, who may look gorgeous in the photos and promise an experience beyond ecstasy, but who clearly have no interest in providing anything else than the minimal level of service.

With Louisa, the whole process is delightful from the outset.

If you are unable to provide a personal reference from another sex worker, then she'll tease the information she needs out of you, to ensure that you're not a time-waster (or worse).

This foreplay (and I use the term advisedly, as it is very erotic in itself) enables her to set up your liaison precisely.

She's in a very convenient part of Soho, and as she opens the door, you realise that she's made a considerable effort to meet your requirements, and is indeed better looking in real life than the pictures and video on her site.

Then you get precisely the service that you asked for. We did a simple role-play where I was the boss who had discovered one of his more truculent members of staff had been looking at inappropriate material and playing with herself in my office chair. Her only saving grace was that at least she had the good manners to clean the chair afterwards. And while the security camera footage was interesting, she was in big trouble.

Clearly, the only way for her to keep her job was to do exactly as I said, and as with all submissive

fantasies, the fun really started once her blindfold went on.

It then became clear that she definitely was both highly sexed and submissive. We had immense amounts of fun. This included some punishment, which was probably mild for her, but met my requirements perfectly. It was even erotic when she explained precisely how she enjoys receiving the paddle, to ensure that for her it was 'good' pain, not 'bad' pain.

The sex was outstanding. She is genuinely multi-orgasmic, whether stimulated by oral, touch, toys or penetrative sex. While she does not do A-Level, there was plenty of A-play on offer

There is really no point in booking a short session – I would recommend at least two hours to enable your scenario to be set-up developed and completed to your entire satisfaction.

She's also smart as a whip (good simile, if I say so myself), athlete-fit, well-educated, well read, and hence great conversationalist for when you need a rest.

But if there is one word I would use to summarise her, it's 'empathetic'. She locked into precisely what I wanted during the whole session, and I left a very happy man.

Do spend the time in preparation, and cherish the time you spend with her. At the end of the day, the more you put into an encounter with Louisa Knight, the more you'll get out of it.
