The Lady:

Michelle has a lovely tight body, firm boobs and a pert arse. She doesn't have a porn star figure, think more girl next door. She is pretty with sexy eyes and a gorgeous mouth, with cute bobbed hair. She also has an innate sexuality that some women are just born with.

The Story:

I'd been meaning to see Michelle for a long time, her reviews are excellent but for some reason I never got around to booking her. That was a mistake.

I'm a sucker for DFK and a cute bum but I have to confess, what made me finally book her was the promise of genuine deep throat. So many girls say they can do it but actually being able to take the whole thing down the throat is a rare skill indeed.

When I got to the room Michelle was already completely naked - quite the ice breaker. She's very chatty and confident but not pushy, think Pixie but a little less crazy. She likes to tease you a bit, she kept saying I looked all serious, when nothing could be further from the truth. However I was very tired after a long day at work after a late night and I actually had a nap in the car before seeing her as I was quite early. This meant that I was happy to let Michelle take the lead and take me to heaven. She likes to know what you like, and I told her exactly what I was after.

So commenced the kissing, lovely and firm and deep. kissing is a must for me and I need to feel like someone is kissing back, Michelle was great at this, very genuine. After indulging in this for a while and exploring her body she made moves towards my cock with a glint in her eye, she's a very sensual girl and clearly enjoys entertaining her customers.

I sat on the edge of the bed at first while she took me extremely deeply into her mouth, with and without hands, slow and fast, beautifully wet. Michelle is brilliant at giving head.

However, she said that if I want the full treatment I need to get on the bed and let her approach from the correct angle.. she then proceeded to take the entire length of my cock into her mouth and right down her throat. Now, I'm a big boy, length and girth wise and some girls have struggled with oral full stop let alone deep throat but Michelle effortlessly took it right down over and over again. I was absolutely elated and in awe of her prowess and stamina. She could see how much I was enjoying it, I was in ecstasy, and this seemed to spur her on to keep on going. She must have been doing it over and over for 20 minutes or more, then we carried on for while in 69, I felt I owed her that at least.

She reminded me that I wanted to savour her bum and she was keen to get me into a position somewhere between squatting on me and doggy, with her legs shut to make her pussy even tighter. She moved with me, up and down, back and forth, it felt amazing and her body looked great. We spent a good while fucking more and more intensely like this until I decided I just had to come. After such a long build up the release was amazing and I felt like it had all been carefully choreographed by Michelle, she seemed genuinely pleased that I had enjoyed it so much.

What a woman
