Details of Service Provider:

The Premises:

Very high end hotel with easy access in the lifts, mens products in the bathroom. A robe and clean towels all on offer. Huge bed and living room part of the suite.

The Lady:

Exactly as in her porn films huge bust. big blue eyes, hollywood smile and dressed in agent provocateur and louboutin heels. Nice toned size 12, a competent dreesage horse rider you can tell this from the bouncing booty.

The Story:

i was in the city on business and had been meaning to see ashley for some time after lusting after her famous brazzers scenes. i called in the morning and a well spoken ashley answered the phone a meeting was arranged for 2pm after she had checked into the very nice hotel. the room number was text on my arrival and the lifts were very easy to navigate with no cards or anything. when i walked through the door i was immediately struck by ashley's imbecile dress sense and fresh prettu eyes and white smile. along with the decadence of the suite. ashley greeted me with a hot deep french kiss which came as a massive surprise and told me how horny and wet she was i handed over the fee in an envelope and ashley led me to the bathroom which i had a bath and a shower she suggested we have a shower together. i was quite shocked at this most girls never want to get their hair wet clearly this was something she enjoyed. we soaped each other up exploring each others bodies ashley got on her knees and gave me the most mind blowing deep throat just like in her films. After round one we jumped into our hotel robes and wine beer champagne water were all on offer from the mini bar so we sat down and had refreshment. before i could finish my drink ashley told me she was hungry for my cock and told me to bed her over the sofa of course i was rock hard and multitude of positions ensued.

Ashley is for men who like real women curves and an ass. i f your nervous she is perfect as she takes the lead and the small bits of the booking where we did talk she had me in hysterics she deffo has some stories
