### The Premises:

Shared flat in central London. A slightly off putting sense of business and comings and goings but otherwise perfectly satisfactory.

### The Lady:

Young late teenage/early twenties pretty pert and buxom young lady with a slightly tanned complexion. AW profile pics are accurate.

### The Story:

In a moment of rash ambition I rather paid for the one hour service. However, sustained Cassanova-style intercourse is an unrealistic prospect with a confident, good looking and active young lady such as Kelly. Having involuntarily emitted within moments of penetration, I was left feeling rather foolish in the manner of a would-be gastronome who orders the steak but barely manages the accompanying lettuce. The one-minute service would have been quite sufficient.

I subsequently returned, vowing to do better. But it seems there was a long queue of punters to see Kelly with the same idea. Alternatives were on offer but none were particularly appetising.

Highly recommended for those with staying power and who are prepared to join a long queue.
