The Premises:

Quite easy to find - about 5 mins from Old Street tube. Small door next to convenience store and up about two flights of stairs. her place was small but clean. There was a small shower room with a reasonably decent shower and the bedroom was small but pleasant enough.

The Lady:

Lilly is prettier than her pictures. She is about 5'6", with long blonde hair, a thin waist, a small but fantastic arse and, the best bit, she has amazing, natural D cup breasts.

The Story:

First impressions were really good. Lilly entered the room wearing nice lingerie and her figure was stunning so I thought I'd be in for a real treat. Unfortunately it was downhill after that as Lilly was not engaging at all - she barely made eye contact and her conversation was as inane as a grumpy barber! Lilly proclaims to love the company of men but the only way this encounter could be compared to a girl friend experience is if you had just told your girlfriend that her mother was a hound and her arse did look big in that!

What transpired over the next hour dreadful...

Lilly kept her lingerie on and asked me to lay on my front and then proceeded to give me a very poor massage. I didn't ask for this but I went with the flow. After about 10 minutes I told her to stop and I then turned to kiss her (her profile promises FK) but she refused my advances. OK, I thought, not the end of the world. I wasn't at all aroused at this stage but she managed to get some life into me by tugging on my little man for a while and then she started a mechanical blowjob but with a condom. When I politely explained that I was expecting OWO (as per her profile) she said "later" and asked me if I wanted to fuck. I kept with the BJ for about 10 minutes but was losing the urge so I encouraged her onto her back, at which point she removed her pants but kept her bra on. I asked her to remove it, which she did rather reluctantly.

After about 10 minutes fucking in missionary, I turned her over as I couldn't bear to look at her glum expression any more. The view of her arse was fantastic as we went doggy and I thought things might be looking up but as I lent forward to gently fondle her breasts she complained that she was sensitive. Next to cowgirl and I have to say that the view was amazing but, again, I felt at ease as I

couldn't kiss her and my hands were not allowed near her amazing tits.

After a while of grinding, we were both getting border and I was struggling to keep things up, so I turned her on her back and tried to go down on her (again, on her profile) but she stopped me saying that she didn't feel like it! This was the last straw so I said we might as well finish things off and she reluctantly took off my condom and started to frantically wank me, with her lips barely making contact with my knob. I tried to encourage her to make an effort but every suggestion was ignored and after some time she stopped, clearly annoyed, and asked me when I was going to cum"!

Usually I don't struggle to cum for gorgeous girls but her attitude was so bad that it was a real struggle and, if she wasn't so hot, then I think I would have left unsatisfied. As it was, I did cum close to the hour-mark, at which point she immediately stopped, grabbed a tissue and left the room. I had the quickest shower in history, dressed and left with a polite "thank you" - never to return.

For the record, I'm a polite guy and always try to make a connection and an effort with working girls as I know it's a shit job and they deserve a lot of respect. I appreciate it's tough and everyone has a bad day once in a while but this was as a catalogue of disappointment from start to end, which is such a shame as she looks lovely and has a fantastic physique.
