The Story:

I actually booked to see Mya Mya (A.W. profite 3276424) and indeed I did meet her, but shortly after I arrived she said she had a problem I would see her friend. Sara arrived and as she looked equally attractive I agreed, big mistake. She immediately put on some ghastly music on her mobile, OK I could cope with that. She let me help her start to undress, she got on all fours and wiggled her bum at me, very nice and I played with her bum and pussy, this was encouraging. When we got to lying together she started to fiddle with her phone, this continued throughout the encounter. Kissing and any oral was out of bounds as she claimed her new cheek stud was sore. I don't even think she touched my dick. Eventually we tried some missionary but she continued fiddling with her phone, then she pushed me off claiming she needed to speak to her friend. At this point I lost interest and left. Avoid!
