The Lady:

Amelia is just hot, athletically slim but not skinny. Very shapely and you will be very pleased with how attractive she is.

The Story:

I am totally new to this so I figured if I was going to do it once then I wanted it to be someone hot. Well I wasn't disappointed at all. Amelia is small, athletically shaped. Her ass is amazing with nice legs. You can tell she has done some gym work, horse-riding or dancing from the muscle tone. I think from the outside looking in you could tell we were both novices in the game but we had a great time once we got started. My size was a slight issue at first but after the adjustment period it was smooth sailing. After her 2nd "O" it was close to finishing time for me and I think she was ready for a nap after lol. It was strange but we seem to have had a connection because we both got lost in the moment. It has to be said I had a great first experience but not sure if I will go back. If I do, I would definitely like a longer session with Amelia. All the best, The Dark American (If she reads this, she will know who I am :)
