### The Premises:

A subvert of nottingham with all that entails . The entrance way is not signed so as such is descreet . But is opposite a pub which is not brilliant . The establishment is clean and well appointed..

The receptionist Demi is gorgeous and pleasant , worth a visit just to see her .

Parking is on the road at least a hundred yards away and around a corner and free . Again not problematic apart from finding a spot .

### The Lady:

The pictures on the website do not do Summer Justice . She has a glorious dark honey coloured skin with curves you would need a racing car to drive around . Top that with a smile to die for and a personality that glows you have as near a perfect package as you can get .

I read the other 2 reviews before going and I was scepticle . Trust me they are spot on !

### The Story:

Greeted by Demi as I say worth a visit in itself . Normal courtesies cuppa etc.

Summer joined me in the room . I am not going to go in to to much detail, just enough to say it was a fantastic , sensual massage with a good feeling of banter . Summer is delightful both in body and spirit .

If your someone who believes less can be more this is for you .

One thing I will mention is that at one point Summer was massaging the top of the back of my thighs , the lights were dim she was naked and I caught sight of her in sillouhette in the mirror , a truly erotic sight that I would frame and hang on my wall at home !

Needles to say I left happy .
