### The Premises:

Very clean looking building located right next to a public car park (free for 2 hours). There is quite a bit of coming and goings from general public with it being so close to a car park and a residential housing estate, but it's still a very discrete entrance and it just looks like a private business from the outside. Only people in the know would realise what services are being offered there ;)

### The Lady:

Rachael's photos are a very true likeness to what she looks like in the flesh, so if you like her profile you'll love it when you meet her. There might have been a good use of light in the photos and the odd touch up on Photoshop, but this woman is the real deal. Rachael has an incredible smile and very down to earth looking with a hint of cheekiness to her. She is very attractive and for someone who apparently doesn't go to the gym she has an incredible body. I am very much a breast man rather than a bum man, but Rachael has both so should suit many people's tastes.

### The Story:

I had looked at Rachael's profile many times before and read her reviews so when an opportunity came up to be in the area and she was working that day I knew I had to try and book an appointment with her.

I get the impression she is very popular and I had to settle for a 30 minute appointment at the time I wanted despite ideally wanting longer to give me time to relax, but I didn't need to worry as Rachael soon had me at ease and I found us chatting very comfortably like we'd known each other for ages.

I am not going to go into too many details even though I know that's what I want to read when I read a review, but trust me when I say "I can honestly say this was the best massage I have ever had". Rachael has a very soft sensual touch and that smile is just amazing!! I have one lasting memory from the experience in my head which I think I'll have a for a long time when I looked round to see my reflection in the mirror on the wall and saw myself on my front on the massage table, but with my arse raised slightly and Rachael's sexy oiled body on top of mine with her hand reaching down to my now very excited private area. It was a very sexy sight and more excitement followed, maybe a little bit quicker than I would have liked. We parted with Rachael saying "Come back soon....please" so I am thinking maybe she liked the view in the mirror as well ;)

I can definitely rate her highly, but not too highly or I may never get the chance to see that sight in the mirror again because she will always be booked up.

This is one very genuine sexy woman who should be treated like a lady.
