### The Premises:

small establishment near city centre, clean and had shower facility

### The Lady:

big and curvy but not exactly in a good way, maybe too many rolls for me

### The Story:

Well after reading clit.loving.tongue review I had to go see this lady for myself. I've visited this establishment previously and had very good experiences with Jaden and Sofia.

On this occasion I thought I'd try Jennifer and was expecting to pay a little extra for a cim and swallow ending. Unfortunately when I inquired she said she does not do swallow not even for extra cost and has never done so. I asked about anal and said she doesn't do that either. So having made a long journey here thought might as well go for the basic option.

So got dressed and lied on my back. Started with light rubbing of back no reaching under or anything then turned over and was surprised she didn't look as I had hoped. Facially she really isn't attractive but was hoping for a nice curvy figure. She was more rolls and stomach than curvy. She continued the massaged and then did a little bit of body to body which was ok. Went to suck on those nipples and she said they are very sensitive no sucking so I was reduced to licking, not great. So I asked to take her doggy style and finish my session.

Overall a disappointing session and the review done previously must be fake as she does not provide any extra service even at extra cost nor is her appearance as descibed in other reviews. If you do go to this establishment your probably better off seing one of the other girls
