The Lady:

Her photos on the web site flatter her. She is a MILF without the L. She's overweight and has stretch marks. She's more like 35+ than 25. That said she is pleasant enough, smiles a lot and did all I asked of her. Quite nice tits.

The Story:

After a little OWO and a wank she put on a rubber and climbed on board. I usually like to see my cock penetrating the lady, but in this case her belly was in the way. We swapped to a couple of different positions and I finally (rather weakly) shot my load. I like them young and slim - Alice is unfortunately neither, but if you like a mumsie type of woman, give Alice a go.
