The Premises:

GFE has a modern interior and that is welcomed considering some of the very tired and dated parlours in the Greater Manchester area. Friendly receptionist sets the tone and that continues to the meet and greet right through to the service that followed. I was shown to a much larger room than my previous visits and that was a welcome treat.

The Lady:

Sasha's description is spot on. I have to mention that when I was in the reception area and the girls introduced themselves, Sasha was the 3rd of 3 to come and say hello, the others would have been considered but the deal breaker was that Sasha not only shook my hand but also planted me with a kiss. This gave me a great view of her magnificent lips, full and succulent. When asked which girl I would like, it was a no brainer, Sasha!!

The Story:

Sasha showed me in to the (large) room and asked if I was showering, I was, so she left me with the towels and left me to it. Now at other parlours I'm showered, dried and twiddling my thumbs before the girl returns, not today, Sasha returned whilst I was still under the shower. I got out of the shower and my first task was to help Sasha out of her top, unzipping her and revealing a toned upper body, she turned to me, and the kissing began. Me with a boner and her with just her panties on. Her hands were quick to wander and it's fair to say, mine did some travelling to.

It was on to the bed, no premise of "do you want a massage", which was another welcome change, as a half arsed attempt at a massage that the majority of girls offer always seems so wasted. Sasha, keeping her panties on, came and lay next to me and our legs, limbs and lips entwined, very impressive. Then she slowly worked her way down to my hardon and began to give me OWO, and I have to pay Sasha a compliment and say that she sucks cock very well. Nice and wet, plenty of saliva to help with the sensation and that was evenly distributed to my balls also. I was ready to return the compliment, so off came her panties and she parked herself on my mouth and tongue, and I enjoyed a very pleasant 69.

Our first position after that was Sasha on top, and I got deep inside her and once she struck a rhythm, she got lost in the moment and (appeared to) orgasm, stating that she was left "shaking like

a leaf" it was a nice little ego boost. It was then into the missionary position, which didn't last that long because as I tried to prolong this very enjoyable time with a very sexy lady, I couldn't quite hold out and shot my load.

A little bit of small talk followed, which included the offer of a massage, but I politely declined, we got ourselves ready and went our separate ways.

This was my first punt of 2017 and it'll take some beating. A highly recommended lady.
