The Premises:

Ego Massage is a very professional establishment that is stylish and functional. I was in the smallest room (about the size of a bathroom), but I found it to be cozy.

The Lady:

Wow, what a beautiful young lady, with a great figure, mesmerising eyes and full, kissable lips. She has a bubbly personality and is a joy to talk to, yet is comfortable not talking when you zone out.

The Story:

I started the session giving a massage to Jamie, which after back to back appointments she was keen to receive (be respectful if you choose to do the same, gentlemen). As I mentioned earlier, she has an amazing figure; so, even though I was giving a Swedish massage, I still enjoyed the experience as much as she seemed to. Then it was my turn.

Jamie has a great touch, and set to work on my legs, which gave me the opportunity to admire her in the mirrors around me. I tried to keep conversation going but I kept getting lost in the sensations I was experiencing. She worked up to my back and I gave up trying. A little bit of teasing bought me back, and it was time to turn over.

This was the most intimate (Within the boundaries of the service) body to body, that I have ever experienced, and had to stop myself from trying to kiss her more often than I'd like to admit. She gazed into my eyes whilst rubbing her body against mine, and was comfortable with me running my hands over her body. Then on to the happy ending.

This was a great crescendo to the session; yet none of it felt rushed; she found her rhythm and varied her strokes, giving me such an intense climax that my entire abdomen tensed so hard, I still feel it now.

As I hope you will appreciate, sometimes the stars align and give us experiences like this. But I truly believe Jamie is a gem, and well worth a visit.
