The Premises:

Easy, free parking. Fairly discrete entrance. Premises were clean and tidy. Shower facility in the room.

The Lady:

Rachael's photos are a good likeness of the lady but don't show how gorgeous she really is. A lovely smile, very pretty face with beautiful eyes and a very nice body, particularly if you are a breast man.

The Story:

Was shown up to the room by a very lovely maid. She offered a drink which I accepted and I asked to use the shower. As I was finishing the shower I heard a friendly voice calling "Hi". I opened the door and there holding a towel for me was a vision. I was momentarily taken aback at how beautiful Rachael is. As I regained my composure and dried off, we chatted a little and I asked for the body to body massage and sorted the paperwork. At this point she removed her bra, revealing those spectacular breasts and I think I must have lost my composure again.

I laid face down on the table while she put some oil on her hands and then went to work. As I admired her body in one of the 2 mirrors in the room, we chatted about her tattoos (all very tastefully done) and my single tattoo. It was during this part that Rachael's warm personality really showed through. If you are the nervous type, she'll really put you at ease with her easy, friendly manner.

The massage itself was very good. Rachael has a touch that is soft and sensual but firm in just the right areas. When she removed her underwear, I think I audibly gasped as she was standing right in front of my face. At this point, the body to body part began. Rachael really does use her body to great effect, brushing against you in all the right ways and trailing off into the gentlest of strokes with her fingernails which certainly had an effect on me.

I turned over and she continued to massage my front in the same way, using her body, particularly her amazing breasts to build the excitement beautifully. This culminated in hand relief that was quite

simply explosive.

Rachael left me for a few moments to relax while she showered and I was actually shaking from the experience.

We chatted some more as I dressed after my shower and I left feeling incredible, knowing that I will definitely be seeing Rachael again. Soon, hopefully.

Highly recommended.
