The Lady:

Brit with a hint of exotica in her ancestry, 20 something, very attractive, brunette with a mass of hair, slim, medium sized breasts, fully shaved. The blurred photos on her profile are of her and provide an excellent indication of what to expect. Comes across as being a very nice genuine person and her chatty and giggly nature made her fun to spend time with.

The Story:

Danielle's very comprehensive list of services put her on my must see list reckoning, which was subsequently proven, that she must possess a healthy interest in sex. As usual I was after a gfe and received fk, owo, intercourse in a variety of positions finishing up with cim swallowed.

She did not disappoint in any way. In fact she seemed to really get into it as if determined to enjoy the intimate aspects. And when she gave all the signs of coming, I was convinced that it was genuine and not put on. The highlight for me was my own climax which was one of the longest I'd ever experienced even by my own high standards - it seemed to have lasted for at least 30 seconds. I attributed this to her excellent oral technique which was all mouth and no hand and to her credit she carried on until told to stop. I left feeling totally relaxed having been relieved of all my stresses and strains.
