The Story:

My perfect lady physically is one straight out of a pre Raphaelite painting but sadly very very few of such appearance come into my life. Sabrina's profile photos indicates that she fits the bill perfectly and it's a huge bonus to see that she's unshaved between the legs - my favourite but sadly extremely rare nowadays. The services that I normally go for were not however listed but I knew that she'd be worth booking for her physical attributes alone.

As things turned out, this was absolutely the very best punt I've ever had.

As my numerous past reviews indicate, I've been very fortunate to have enjoyed quite a few excellent encounters over the years and the benchmark is set very high so to be regarded as the best of the best is quite an accolade for me to give. I won't give any details apart from saying she met all my needs and she did so extremely well. The fact that I really fancied her was the icing on the cake.

She told me she really loves her job and that she loves making people happy. In my experience, both were very obvious. In fact, she'd certainly made me very happy and provided fond memories for me to look back upon for years to come.
