As previously described.

The Lady:

Reportedly Eastern European but in appearance can be from anywhere in Northern, Western or Central Europe as well, very attractive in a girl next door sort of way, 20 something, blonde, English rose complexion, average height, medium build, medium sized breasts, closely cropped between the legs, very limited grasp of the English language for which she was hugely apologetic at the outset but tries hard to make conversation.

The Story:

I had a strong feeling that I would find her very attractive when I first saw her blurred photos on HoD's website and once again my instincts were proven right. I felt an instant connection with her when we first met and this intensified my enjoyment of our time together but sadly there was no obvious indication that it was reciprocal.

She took the initiative to start the action by nuzzling my neck and then kissing all over my upper body which fired me up immediately and put my testosterone levels into overdrive. Owo followed and her technique was excellent. I then moved onto ro with fingers which she seemed to really enjoy then we proceeded onto intercourse (covered) firstly in reverse cowgirl followed by some fk in spoons and then missionary. I finished inside her as she had difficulty comprehending what cim was but I got the impression that she didn't offer it.

My testosterone levels were racing so much that my erection took 15 minutes to subside afterwards which was testimony as to how much she turned me on.
