The Lady:

Like her pictures. I actually believe the selfies don't do her justice as she looks sleepy, but the other pictures are a fair representation - they are not too brushed up. Wouldn't know about the age, but all the other stats seem fair: she is petite, shortish (5'2" is probably it) with boobs which are enhanced but not too much. I am not a fan of oversized, huge plastic boobs, which IMHO look cartoonish, especially on petite girls. hers are very well proportionate, and very nice to the touch - a job well done. In all the years I have been seeing her she has always kept her weight and figure rather constant - roughly a size 8, if I were to guess, with a toned body, firm bum, no cellulitis, etc.

The Story:

I have seen Ashley several times over the years. Together with the now retired Julia, I think Ashley is Max's best girl ever, more so than Tammy (now Tilly), Lia Amelia and others.

The reasons these girls manage to charge above average rates is not (only) that they're hot, is that they are very good at understanding what makes us punters tick, and at going along with it. In this Ashley and Julia are very similar, but they are different body types: Julia reminds me of Victoria Silvstedt (tall, statuesque, hot, but not the prettiest girl on earth), whereas Ashley is shorter, petite, much much prettier. What they have in common, though, is that they are both great at understanding what you want and making your wishes come true! They can both be the most passionate GFE or the filthiest PSE.

I'm more for the GFE type. I like to ask her to undress me, which she does very sensually (this is something that Julia doesn't like doing, for reasons I never understood, to be honest) - it's great foreplay because it makes me super horny when I jump in the shower. In one of my last visits, Ashley tied me to the bed, blindfolded me, sprayed whip cream on my cock and blew me with gusto, then went to another room, came back with some ice cubes, and went on to tease me in the most sensual way with ice all over my body. Don't know about a-levels (not my thing), but the entire alphabet soup of acronyms seems to be on offer; her DFK is extremely passionate and truly blows my mind. The very last time I saw her, round 1 was CIM, and round 2 was a straightforward but

extremely intense missionary.

Not cheap, but IMHO worth every penny.
