The Premises:

Parking for this Aylesbury apartment is roadside, easy and unrestricted and although the small apartment block is not particularly attractive it is all fairly anonymous and not overlooked and the apartment itself is smart, nicely furnished and clean.

The Lady:

Samantha is English, independent, very attractive and looking really good in her late thirties, longish medium brown hair, personable, intelligent, confident and reassuring, tall in heels, curvy but not remotely overweight with large breasts and a round firm bum. She is shaven with a just a small landing strip. She answered the door in killer heels and a black mesh body stocking which left nothing to the imagination and I could barely wait to get my hands on her!

The Story:

Great to see Samantha back after a break from work and better than ever.

I asked to use the bathroom and when I emerged she was lying waiting for me on the bed. She gives amazing head, gentle but you feel her lips gripping your shaft as she moves her mouth slowly up and down. She loves receiving oral and her pussy opens up like an orchid when it has a little attention paid to it. She is happy to have sex in almost any position and is always open and wet.

There is definitely the hint of a dark side to Samantha, and if there is a chemistry she is happy to take things a little further. There was nothing better than her sitting astride my face, her bare pussy over my mouth, while I looked up at her magnificent breasts. She tilted her pelvis a fraction and I reached out my tongue and licked her tight little anus. She reached behind her and slowly rubbed my cock and gently squeezed and rolled my balls in her hand. Take some latex gloves and ask to see her collection of dildos and you might find yourself entering a world you had only dreamed about.

Samantha is scrupulous when it comes to personal hygiene and expects the same from her clients. Don't expect a warm welcome if you are rank from a day's work. In thirty years of punting I have seen dozens of escorts but only one or two got anywhere near the skills and satisfaction provided by Samantha. She just gets better and better.
