The Premises:

Emma has just moved to a fantastic new location in a very nice part of the city. It is a basement flat with much more room than her last location. It is about a 7 min walk to the nearest tube. The flat was very clean though she hadn't finished unpacking from the move. It looks to be a very desirable and efficient setup.

The Lady:

Emma is a very attractive lady with curves in all the right places. Lovely dark hair, large natural bust, sexy eyes. She has a wardrobe of various uniforms and outfits to fit any scenario.

The Story:

It was my third and final time seeing Emma on this visit to London. I am more of a switch so we began with some spanking on her. I used the flogger on her lightly all over, she was very responsive to this. We finished with a few strokes of the cane. It was then time to switch roles and she flogged me all over much harder at my request. She put a few lovely marks on my backside with the cane and then on to the main event. I went down on her for a quite a few minutes which I really enjoyed, she was very responsive to my efforts, and oh, she tasted amazing. Moved to very skilled covered oral with some back door finger action. I couldn't take too much of this as I would have finished very quickly. She climbed on top and rode me firmly until we caught a rhythm and to my great surprise I bust and finished into her with her still on top. I was very pleased and impressed as I am almost never able to finish that way. My Three sessions with Emma were all outstanding. I've known of her for many years and I'm kicking myself for not seeing her sooner. She is very warm and a pleasure to be with while still running a proper professional operation. I will be back to see her hopefully many times in the future.
