### The Premises:

Hush is a very exclusive establishment, clean, tidy, showers, rooms are large and very nicely decorated with easy parking

### The Lady:

Jenny is a more mature lady than the other girls that work there but she is still a stunning looking blonde with a body to die for, especially her beautiful soft, large, pert boobs.

### The Story:

Greeted at the door by the gorgeous Demi, which is almost worth the fee alone. Asked if I wanted a drink and shown to the shower room. Jenny then entered the room wearing a professional looking tunic, once removed it unveiled some very sexy lingerie with black hold-ups. I was then given a proper tantric massage which was out of this world, a mixture of firm massage technique and soft teasing. Jenny's experience also let's her put herself in fantastic positions to admire the view in one of the two mirrors in the room. Once the naked body slide was complete on my back she asked me to turn over and this is when the real tantric fun started. Another body to body and superb caressing and teasing of the little fella which was followed by a very oily tit-wank resulting in me exploding in her cleavage. All-in-all one of the best experiences at a massage parlour I have ever had and well worth the money!
