The Premises:

Well known, well appointed, friendly receptionists, lovely escorts

The Lady:

Paris is a lovely curvy blonde with a pretty face and a wonderful personality which is laced with naughtiness. She makes you feel welcome and comfortable from her first entrance into the room whether you have seen her before or not.

The Story:

I have seen Paris a few times over recent years and with every meeting I wonder why I don't see her more often. She is a lovely lady who treats you as a friend from the first moment, will tell you if you've lost or gained a pound or two and point out any perceived change in her own curvy and very attractive figure.

So we were immediately into a catch up on our lives while also letting hands roam over our bodies with free access.

My preference to massage Paris rather than be massaged is instantly accepted and she is very vocal in letting me know what I do well with no holes barred given I do not try to take liberties.

Kissing and compliments pepper this part of the meeting before we start a really good session of sex and again Paris is vocal, complimentary and responsive. We end with both of us using fingers to bring her to a lovely climax.

Paris is a wonderful partner and gives a marvellous experience that means you leave the premises with a giveaway smile on your face.
