The Premises:

A large basement flat in a quiet area not far from Queensway or Bayswater tube stations. The flat has a nice bathroom with a good shower over the bath. Victoria's room is a good enough size and has a fridge with plenty of cold drinks on offer. It was a hot day outside so the fan was on constantly.

The Lady:

Victoria is a lovely young Thai lady in her mid 20s although it's always hard to tell with these Thais as they always look younger than they really are. She was very friendly and full of smiles right from the start. I'd asked for her to be wearing the dark lingerie set that she is wearing in her Olina video and she looked as good in the flesh as I'd been hoping for.

The Story:

I'd been looking forward to seeing Victoria after booking it a week in advance! After seeing her recent reviews I decided I just had to see her and I wasn't disappointed. I was treated to a very nice GFE with lots of good DFK throughout. Her OWO was really quite good with none of the tissue wiping that you sometimes get with the Thai girls. She has a very cute and sweet tasting pussy and was very responsive to some prolonged RO with lots of soft moans and twitching, always a good sign that the lady is enjoying it. A decent massage and an assisted shower at the end of the 90 minute booking meant that all in all it was money well spent.

A big thank you to the agency, as always they were very efficient with the booking and always give clear directions to the address, even though I'd been to the flat once before.
