Tall, slim attractive lady aged about 55. Very welcoming and fit body.

The Story:

Phoned for appointment and got post code so no problem finding the house. She gave me a warm welcome with a nice snog in her hall. She took me upstairs and we kissed again. She was dressed in sexy underwear. I stripped off and I asked her to do the same in front of me. We then kissed again and then lay on her bed. We kissed again and she started to fondle me. Tits were small, but firm with nice nipples. Her pussy was shaved. I was quite hard by now as she was teasing my cock tip with her lips and fingers. I soon realised that she was an expert. I asked her to sit on my face and she said she would love to and I licked her clit for ages which was lovely and juicy. She then took me in her mouth again and I felt myself coming so had to stop. She teased and tickled me all over and had her lips and tongue playing with my cock which was rock hard. She then put a condom on my cock and sat on me and rode me for a couple of minutes. I then rode her and was about to cum so I took my cock out as I didn't want it to end. She asked whether I would like to be finished off with hand, mouth, tongue and lips and I said yes please. Off with the condom and she teased my cock and balls until I could take no more and shot into her mouth. Wonderful experience! We relaxed afterwards and chatted. She was so friendly throughout and there was no rush. A thoroughly nice friendly person who was a non smoker as well, so no nasty breath!
