Details of Service Provider:

Profile Name: Invasian Asian Escorts London

Website: <https://invasianescorts.co.uk>

Phone: 07920156455

The Premises:

Her flat is a 10 min stroll from High St Kensington, easy to find, first floor (you don't need the elevator, that looks ancient anyway...). Quite spacious flat, plenty of room for the sought-after activities.

The Lady:

Looks like her pics, sweet and soft beautiful face, distinct hairstyle (especially for thais, and I love it), and a tattoo or two (not too distracting, even to someone like me who really dislike tats). Natural b's, and a feminine figure. Not skinny, and not fat.

The Story:

Rosie seems like a typical GFE-provider, at least that is what she has been to me (seen her 5 times now). Sweet, affectionate and service-minded throughout our sessions. I wish she would be more of a kisser, though, but that has not been a deal-breaker (although I do visit other girls to get my DFK on...). This time was a like the previous encounters: a nice chat, followed by a competent, if not mind-blowing owo, daty (she seems to enjoy that more than most thais I've met in London), a really passionate cowgirl, and doggie until completion. Rosie really excels at the massage part of a punt. I have found this to be a wonderful way to end my visit loose and relaxed. As you may guess by now, my sessions with Rosie have definitely been on the GFE-side of the spectrum. I have no idea how she would perform on the PSE-side. But if a nice and sensual hour with a sexy thai woman is what you're looking for, I can definitely recommend Rosie.
