The Lady:

Lady in her very early twenties. White British. Intelligent, articulate, genuine and full of joy. Her carefree persona makes her my perfect companion. Forget the pictures - she looks different. Very pretty - a good comparison would be a cheerful version of the girl in the movie 'The Lovers'. Medium height, slim, well proportioned throughout. Porcelain smooth skin with a subtly tanned complexion. Full soft lips but tight young body. She speaks in a lustfully deep voice - which reminds me of Emily Blunt for some reason. Put together she is truly adorable - I'm sure most will find her attractive.

The Story:

I visited her twice on two separate occasions. The first one was a rather odd encounter - don't worry, it ended all well. When she came in I instantly found her attractive. She did seem apprehensive at first. Once the paperwork was out of the way, we started kissing on the bed which grew more and more intense - this was the perfect start and made me feel at ease. She then gave me the most sensual OWO, which then culminated into a passionate session of Cowgirl then Mish and finishing inside (the typical GFE cycle for me). It was over before I knew it. It felt incredible, but somehow I felt she was somewhat distant at times during. She did not particularly enjoy being rubbed and fondled with even if kissing was fine. But after having a chat, we broke the ice and she felt somewhat more comfortable around me. I'm not a vocal person in bed, maybe that's what made it feel a bit awkward for her at first.

I left feeling that something was missing and couldn't resist seeing Leona again. As for round 2 on the second day it went much better as we just picked up where we left it last time. The session unfolded pretty much the same but everything with much intensity and passion. She turned out to become one of the best kissers and GFEs out there, and the whole experience felt real and warm, cuddling and caressing her at the end was nothing but a joy.

I would recommend Leona. Her persona in and out of the bedroom are very different, a cheerful extrovert in person, and a mysterious closed book in bed. Just be wary she is fairly new to her job,

but I feel she ultimately does enjoy it, and that If you hold her hand and gently lead the way, you sure will have a great time.
