The Premises:

Amira was working at the Ibis Hotel near Aldgate East tube station. It was very discreet and I used the stairs to get to her second floor room.

The Lady:

A pretty, petite and busty young UK Indian girl. She was very friendly throughout our session and it was a pleasant change to have an actual conversation.

The Story:

This was a rare return punt for me with Amira, the previous one being 3 years ago on a hot summer's day. Since the demise of Indian Palace it has been hard to find genuine Indian girls. This punt started with me using the shower facility and it continued when I returned to the room with uncovered oral. At that point Amira was still wearing her dress and I was desperate to see her big boobs again. She removed her dress and I sampled her DD beauties. The uncovered oral resumed and after a minute or so I asked for sex and we had covered sex in missionary and doggy positions. I hate it when sometimes the putting on of the condom causes a loss of erection. I ended the session with Amira kneeling while I delivered a good facial.
