### The Premises:

Easy to find. Discreet entrance. Plenty of free parking. Only downside is that it's opposite the large uncovered windows of a pub.

The room itself was perfect, scented candles, mood music, dimly lit, plenty of space. It set the tone perfectly.

### The Lady:

I'd say Saskia appears to be in her early twenty's. She's curvy in all the right places and also has lovely personality. As well as giving a good massage she was a pleasure to talk to and put me at ease right away. In my opinion her photos don't do her justice though, she's very pretty and being so young, her body is firm.

### The Story:

The lady I spoke to on the phone was bright, bubbly and very helpful. I've never been anywhere like this in the past and was feeling nervous, guilty (married) and more than a little uncertain. She put me at ease straight away and after I explained my situation she said they'd take special care of me.

I'm not sure how much detail I'm supposed to give here but here goes...

I arrived early and, as instructed, phoned to let them know I was here. I went up straight away and understandably had to wait a short while for Saskia to become available. On first meeting her, she came straight over and gave me a hug and a kiss on the cheek. My nerves evaporated. Once in the room I undressed and laid face down on the massage table. Saskia began by running feathers over my body, which felt fantastic. Then the oil made an appearance and things moved up a gear.

Without going into too much detail she gave me a nice massage and encouraged me to let my hands wander while she worked her magic. The hour seemed to last about 5 minutes (it did actually last an hour, I checked). All too soon the session was over but not before Saskia tried to work her magic between my legs. Unfortunately she was unable to provide me with the happy ending that by that time, I was desperate for. Her technique was fantastic though and although the volcano didn't erupt, the sensations were out of this world. I would definitely see her again, probably for longer next time though. I'm tempted to go back this week to see if one of the other ladies, Jenny, can take me all the way. Failing that, I might try the two-girl special. I'll keep you posted.
