### The Story:

I've seen Lauren several times & have loved every session. On my last visit I asked for 2 separate sessions a couple of hours apart. When I first arrived, as requested, Lauren captured my cock and balls in a chastity device. She then tied me to the bed and pissed all over me - making sure my face, hair and chest got the bulk of it & that I drank some. Then, while I was still tied to the bed, Lauren whipped my balls and dressed me in stockings and suspenders. She then untied me, dressed me in a padded bra and told me to get dressed and get out. I would only be released from chastity if I could come up with a sufficient set of punishments.

So that was me. Cock in a cage, dressed in bra, stockings and suspenders and stinking of piss, and chucked out on the street.

2 hours later I was ordered to come back. I presented my list of punishments. Luckily they were enough. My cock & balls were let out of their cage, but only so that they could be tied up nice and tight. Then a spiked collar was placed round my cock and heavy weights hung from my balls. Hot wax was then applied to my genitals. Mistress Lauren tied me to a spanking bench and started work on my arse. I had asked for 6 strokes of the cane (my first ever caning) after a good seeing to with straps and paddles. It was a very good example of "be careful what you wish for". I was still feeling the cane a week later.

Finally I had my reward. Mistress tied me to the bed again and coaxed me to shoot my load while sitting on my face & ordering me to lick out her arsehole.

This is definitely the most hardcore session I've ever had. But I'll be back for more as soon as I can afford it.
