### The Premises:

reviewed here at sheffield. normally i see her at sister branch at bury. discrete rear entry ,off street parking, plus easy on street parking nearby. fixtures and fittings a bit older than bury ,but my room had a nice new large shower. male receptionist was friendly and efficient. well equipped waiting area.

### The Lady:

be truthful, she said, if you write a review. the photos are accurate,though there is some elegant artwork that has been redacted from the photos, by her own admission she is size 10 rather than 8. she is pretty and shapely, but she is more english rose next door rather than supermodel. she appears friendly open and chatty, mainly because she actually is. can confirm everything on her list apart from dom humiliation and spanking because that's not my bag. my previous review was deleted as the parlour she was previously at is defunct.

### The Story:

I have seen this lady several times now. I always research a lady's profile and reviews before and select only from well rated establishments and always book in advance.I then tend to stick with my choice. the best ladies actually improve as my confidence and their familiarity increases with each visit, and so it is with Elektra. most of the ladies at gfe get good reviews,but there is a difference between good and outstanding and, believe me, this girl is outstanding. On the day of my visit i booked a half hour slot in order to hand over a sexy outfit and a few other bits and pieces and present a scenario and make a couple of requests ,that are not on the normal menu,that i had plucked up courage to ask for. Then i hung around for a one and a half hour slot for the main event, to become available later. In the room this girl is dynamite. My requests were carried out with unrestrained, uninhibited enthusiasm, just like everything else she does. Let's take orgasm as an example of the difference between good and outstanding. A good lady will make you feel good by "cumming" for you.It goes something like this; oooh ahhh yeeah ,do it to me babe , mmmmm. convincing, but deep down you know it probably isn't real.why would it be, she probably has to do this dozens of times a week. its part of the job. With Elektra it's different. Today the edge of the bed gripped tight with white knuckles, body arched, head thrown back, huge gasps of air being drawn in through clenched teeth, before a series of crimson faced yells. She cant fancy me..... can she? It

can't be real..... can it? If it is part of her act, i literally can't tell. When it was all over and we lay on the bed me dazed and trying to gather my scattered wits and get my breath back i said " i don't know how you will ever top that" she said, with a knowing grin, "don't worry darling, i'll think of something". But on the way home, i thought, she has just provided me with everything i ever wanted from a visit. and that's a problem, because how do you improve on perfection.

This girl is just fantastic ,right out of the top drawer, book with confidence, i promise you will not be disappointed.
