The Story:

Having read the reviews of Alisha I thought I'd chance a visit with her. Granted I was running a few minutes late so after a quick chat with the lady on reception Alisha showed me into the room, kiss and a hug then left me so I could shower. Alisha came back into the room at 14:50 and after giving me a brief back rub proceeded to oral. She seemed not to be able to get comfortable giving a few seconds oral and then with her hand again and again so we switched and I returned the act. She came and then a funny little awkward moment before suggesting sex. Her on top, me on top and from behind and then a 69. Again she didn't seem comfortable and then at half past said I only had ten minutes left so back on with the condom until completion. Showered and left as she'd already left the room. She did ask me at the start what I liked and I said DFK but that didn't seem to be an option, rather a few kisses. Possibly just me or an off day, who knows.
