The Premises:

Anyone who has been will know that parking is close at hand and the building is discreetly located. Clean and tidy inside. Good comms on entry and once my choice was known, I was shown to a private room and offered a drink and a shower. An impressive establishment.

The Lady:

Amazonian Goddess!! Look at the pictures and multiply as far as you can. Astonishing body achieved from many hours of exercise. Valentina is also facially exceptionally beautiful with long hair and pretty eyes. You could easily spend time just gazing at her, transfixed by her beauty. I would say that her description is accurate and I didn't care to question it.

The Story:

45 minutes of sheer bliss. Her touch is what you ask for: delicate, sensual or robust. I opted for sensual and found the experience very relaxing. Having such a beautiful lady touch and manipulate you was exactly what I wanted. Having such a beautiful naked lady caress me with her body was more than I deserved. We talked together to establish a rapport and I found Valentina to be warm, friendly and interested in my day and what I wanted from the experience. She is very skilled at what she does and allowed me to reciprocate, though I did ask first out of courtesy. My time with this beautiful lady culminated in a breath stopping crescendo and a promise to meet again, to sample much more of what Valentina has to offer. Thoroughly recommended. Thank you Gorgeous.
