### The Premises:

Everything about the place is good and especially so when Millie is at the helm.

### The Lady:

Tall Brazilian blonde, really tanned and toned body, great legs, model good looks, very pretty, strokeable man bum and full breasts with nipples made for sucking. Looks great in her uniform but even better when just wearing the black hold ups.

### The Story:

My first time with Valentina and won't be my last. An absolute stunner with a wonderful smile, lots of eye contact throughout the appointment, so friendly, great chat about football and holiday destinations. Greeted with a kiss and barely able to lay face down on couch as so excited. Excellent massage to back, bum & legs with plenty of attention to my bum, cock & scrotum with both hands and breasts. Oiled my back up and glided over me rubbing her full breasts into all my nooks and crannies, heaven. More oil drizzled down my bum and over my cock and skilful hands getting me harder and harder. Turned over to view this gorgeous giver of pleasure and opportunity to fondle her bum and rub those magnificent breasts and sucked the nipples in turn. Near tit wank next and frontal body to body, more kisses and rubbing herself all over me with both hands tugging on my cock. A gallon of oil drizzled over my cock and Valentina slowly increased the tempo of her hands until a very very happy ending followed.
