The Premises:

Very nice parlour - similar to their sister place in Bury

The Lady:

as appears on website

facially very attractive

a curvy body - not fat - just well toned with a massive pair of tits

The Story:

i had seen Isobel several times before in manchester so I knew I would be in for a great time

phoned the parlour and arranged a 30 min appointment at 1 pm

Isobel danced into the reception on time wearing just a small pink pair of knickers and a matching bra which was obviously losing the fight to contain those massive jugs of hers !! - and of course she had a big grin on her face

it was the skimpiest outfit that i had ever seen her wear into any reception area and shows her confidence in her new slimmer frame

she immediately recognised me and planted a big kiss on my lips - "what you doing over her" she asked and i replied that i had some business in Sheffield and noticed that she was on the rota at GFE Sheffield and thought i would surprise her

through to the room and i explained that i could only stay 30 mins due to work - " no worries " she replied " we will just have to get a move on"

i took a shower and Isobel disappeared for a while as is the norm but as i turned and came out of the shower she had already returned and was lying on her back legs apart , knickers hanging on to one ankle and was playing with herself - "told you we would get a move on " she laughed

i asked her about anal and she replied " you know me and my arse , we are always up for some anal"

"have you had much lately " i enquired

"not as much as a girl like me needs" she sniggered

it may just be banter but it had got me rock hard already

first up was some DFK while i played with her boobs which she had unleashed from her bra then quickly into 69 and while she gave me some great OWO i was encouraged by Isobel to lick her out -

she was so sweet and fresh down there

at this point she handed me some lube and told me to get her arse ready with my fingers

"you ok going straight to anal" she asked - was i ever

first Isobel sank down with my cock up her arse in reverse cowgirl - even though she is very tight back there she is very experienced at this and was able to position herself so that it soon slipped in then spoons where she encouraged me to finger her front bottom and then she said "right lets do some doggy so you can really bang me hard"

this was the highlight for me as Isobel was really thrusting backwards to meet me coming forward it was a warm day and we really went for it for about 10 mins before i erupted into the condom - which Isobel then disposed of discreetly before return to give me a big snog and said" that was a great arse fuck thank you"

a knock on the door meant it was coming to an end but Isobel joined me in the shower and we cleaned each other

"are you back in Sheffield soon" said Isobel " because i know quite a few other positions we can try anal in" with a glint in her eye and a naughty wink

i am not sure when business will take me to Sheffield next but i will definately see Isobel again
