The Story:

I got to her flat handed her the cash i took a shower when i went back in her bedroom she decides to tells me she is tired from doing 10hr overnight party girl booking the night before thats great that is she waits till she receive's the money before telling me that.

I licked her pussy out and fucked her in multiple positions everything seemed fine had a chat then on to round two i fucked her for about 20mins she shouted at me come on then a couple of minutes later she moves forward and says she is finishing me by hand after i have cum she goes totally moody on me.I try to talk to her she says she only likes to have sex 10 minutes in every hour she says you fucked me for 30 minutes i know how long you dont i noticed whilst i fucked her in doggy she has her phone by the pillow so she looks at the clock on her phone and times punters having sex with her very bad attitude.

She refused to engage in conversation and watched foreign music video's on her phone i left her flat an hour early she seemed happy that she got rid of me.

I did not bother to complain to the agency whats the point they are never interested
