The Premises:

Gigi's flat is about equidistant between Queensway and Bayswater tube station in a quiet residential area about 400 metres walk from both stations. Unfortunately her flat is on the top floor and the lift was broken, making getting to her became more like a mountaineering expedition. Parking fairly straightforward if driving, free after 18.30. Flat itself is ok, not as spacious as some.

The Lady:

Gigi is a good bit taller than most Asian ladies, and has a perfect hourglass figure. She looks pretty much like her photos, but was wearing no makeup when I saw her. Unfortunately the other thing she was not wearing was a smile...

The Story:

I suspect Gigi may look as stunning as her photos when she makes an effort, but on this occasion, she gave every impression she just did not want me to be there. May be she had had a busy day and had hoped she was finished for the day, but she only smiled when I left! Her English is pretty good, but services were bland and mechanical, leaving me tempted to leave early, but I saw it through, hoping she would find a spark, but alas no.

I do think someone else may get a better service on a different day, so I have marked her as "neutral" but the lack of kissing, smiling, and willingness to carry out reasonable requests, means this is one lady from Olina I will not be seeing again.
