The Premises:

Discreet building around the back of the high street, very modern and clean rooms. Mood music playing in the background and the massage room itself is very inviting.

The Lady:

Well I'm not sure whether it was the hair but Jayda didn't look like I had expected when she walked in but irrespective of that, up close and personal she is one of the most naturally beautiful women I've ever come across. A body to die for (despite loving chocolate and cakes apparently) with not an inch of fat on her and extremely well toned.

The Story:

I've been meaning to visit Ego for years but was always unsure as to whether it would be my sort of thing. As someone who is a big fan of kissing and oral (neither of which are on offer at Ego) I didn't think I'd enjoy it as much as a normal punt at any of the escort establishments in the area. Anyway on this day I thought I'd make the trip (2 hour drive) and try it. I was only ever going to visit Jayda or Poppy as their reviews suggested they were the best at what they did.

The details of the experience are as per other reviews so I won't expand on the activities but what I would say is that it was one of the most sensual and erotic experiences I've ever had, truly sensational and wished I'd taken the plunge years ago.

Jayda's technique is amazing, she seems to know exactly what area to explore and when to move on, and I cannot recommend enough that everyone should try this at least once, I'm already trying to work out when I can go back.

Jayda, thanks for a wonderful hour that will live long in the memory and I look forward to seeing that gorgeous smile again soon x
